

Community Emergency Response Team (CERT)

Supplemental Application

- Have you completed a CERT Basic Training course? ☐ Yes ☐ No
- As a CERT volunteer, you may be asked to assist in the Skagit County Emergency Operations Center during an emergency response event. Tasks can range from light-duty (i.e. staffing a check-in table) to very active (i.e. setting up a shelter, sandbagging or directing traffic). Please select the activity-level you are most interested in:
☐ Light duty ☐ Moderately active ☐ Very active ☐ Any activity level
- Please indicate if you are interested in advancing to a level of CERT leadership as the program grows in your area:
☐ Yes, I'm interested in advancing my role and pursuing leadership opportunities.
☐ No, I'd like to remain a helpful resource on standby.

Please understand that your contact information will be shared with your local municipality/jurisdiction within Skagit County for the purpose of emergency response callouts in that area. This could include your local fire district or other emergency responders. We value your privacy and will never sell your information or share it outside of the context of volunteer emergency response in Skagit County. You may receive mission callouts or other types of volunteer assistance requests from either Skagit County Department of Emergency Management or your local emergency response agencies.

- ☐ I understand that Skagit County DEM will share my contact information and volunteer status with my local emergency response agencies for the purpose of volunteer activations.

Along with this application, please submit a copy of your certificate of completion from CERT Basic Training, or another form of proof indicating you've completed the training course. These items should be submitted to the Skagit DEM Volunteer Programs Coordinator.
